*Everbearing
Creation*

SUGAR QUEEN

Many people who are qualified to say tell us that this plant, in their opinion, ranks with the Streamliner in hardiness, health, and profits. This everbearing variety is our own special offering. We have shipped thousands of crates of top price berries from our own farm, and we have never seen a berry that looks better, tastes better, or sells better. These plants are as thrifty as any we have ever seen. They grow rapidly, withstand all kinds of weather, produce early, and for two seasons. The foliage is rather leathery and very healthy. Free of disease. A fine-flowering variety. Makes a lot of plants and produces heavily. If you are a commercial grower, we'll recommend these heartily and back them up 100%.

50 plants \$3.75; 100 plants \$6.00; 250 plants \$12.00; 500 plants \$18.75 parcel post prepaid. 1,000 plants \$29.75 express not prepaid.

BLAKEMORE

The Ideal Early Shipping Berry

BLAKEMORE—We offer a special strain of Blakemore, free from yellows. A healthy plant that yields big crops of berries. Will stand two or three days without over-ripening. Foliage is healthy and stands up well during drought. Fruit is firm, of good color and unexcelled as a long-distance shipping berry. Ranks high in productiveness. To get all that you are entitled to from Blakemore, do not allow them to mat too thickly in the rows during the growing season.

50 plants \$1.25, 100 plants \$2.00, 250 plants \$4.00, 500 plants \$6.00
parcel post prepaid. 1,000 plants \$10.00 express not prepaid.

AROMA

AROMA—An old standby that we have been growing for over thirty years. The demand for Aroma plants is tremendous, there is never enough to supply the demand. In matters of productivity, quality, flavor and market value, the Aroma is so much superior to the other old standard late varieties that we urge old customers to plant Aroma heavily and increase their profits by prolonging their berry season.

50 plants \$1.25, 100 plants \$2.00, 250 plants \$4.00,
500 plants \$6.00 parcel post prepaid, 1,000
plants \$10.00 express not prepaid.

KLONMORE

KLONMORE—This is a variety that was recently developed from a cross between the Klondyke and the Blakemore. It has the good qualities of each of its parent plants. It's a very good plant maker and produces an abundance of high flavored berries like the Klondyke with the excellent shipping quality of the Blakemore. Especially well adapted to the midwest and southern states.

50 plants \$1.25, 100 plants \$2.00, 250 plants \$4.00, 500 plants \$6.00
parcel post prepaid. 1,000 plants \$10.00 express not prepaid.

Write for special prices in larger quantities

KLONDYKE

Improved

KLONDYKE (Improved)—This is the standard berry for the southern and middle states and does fairly well in the northern states. Productive, brilliantly colored and so firm that on the northern market it classes a re-shipper; that is, a berry firm enough to re-ship to the smaller tributary markets and therefore commands top-notch prices.

50 plants \$1.25, 100 plants \$2.00,
250 plants \$4.00, 500 plants \$6.00
parcel post prepaid. 1,000 plants
\$10.00 express not prepaid.

3 Outstanding STRAWBERRIES

MISSIONARY

MISSIONARY (Perfect)—A good early variety. At least 95 per cent of the strawberries grown in the state of Florida are Missionary. A strong grower and productive. The berries are well colored and firm.

50 plants \$1.25, 100 plants \$2.00, 250 plants \$4.00, 500 plants \$6.00
parcel post prepaid. 1,000 plants \$10.00 express not prepaid.

TENNESSEE SHIPPER

TENNESSEE SHIPPER—Heavy producer, ripening early. Desirable for preserve trade. Berry very attractive, even after long shipments. Larger than Blakemore, retaining its good size throughout the season, which is an important factor for a commercial berry. A large percentage of the berries will make U.S. No. 1 grade.

50 plants \$1.50, 100 plants \$2.50, 250 plants \$5.00, 500 plants \$7.50
parcel post prepaid. 1,000 plants \$12.50 express not prepaid.

Write for special prices in larger quantities

GEM EVERBEARING

GEM EVERBEARING

GEM EVERBEARING—The berry that really produces two crops each year. Pick all this summer and fall, then you will harvest another fine crop next spring. Unlike most everbearers, this variety is an excellent plant maker. The plants are very healthy and vigorous, producing an abundance of runners, which bear fruit the first season.

The berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses. Very attractive in appearance and sell well on the fresh fruit markets.

50 plants \$2.25, 100 plants \$3.50, 250 plants \$7.00, 500 plants \$12.50
parcel post prepaid. 1,000 plants \$19.50 express not prepaid.

MASTODON EVERBEARING

MASTODON EVERBEARING—Any soil of high fertility will produce bumper crops of this outstanding everbearing variety. Mastodon is rightly named, because it exceeds them all in size and in number of berries per plant during the fruiting season, which extends from spring until late autumn. Delicious berries for home use.

50 plants \$3.00, 100 plants \$5.00, 250 plants \$10.00, 500 plants \$16.75 parcel post prepaid. 1,000 plants \$24.75 express not prepaid.

PREMIER

PREMIER—This is by far the most popular extra early strawberry. It is our first variety to ripen

and is so extremely productive that it continues producing berries for many days. The berries are very large, firm, good quality, rich red color. Because the blooms are very frost-resistant, it is a sure and heavy bearer. Self-pollinating.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75
parcel post prepaid. 1,000 plants \$13.75 express not prepaid.

DORSETT

DORSETT (Early)—Its bright red color and rich, delicious flavor always bring top market prices. Ripening early, with Premier and Blakemore, this variety rapidly came to the top in flavor, and is now well known and widely planted in all strawberry sections of the United States. In this latitude it does exceptionally well.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75
parcel post prepaid. 1,000 plants \$13.75 express not prepaid.

FAIRFAX

FAIRFAX—Experienced strawberry growers who have tested Fairfax have placed it at the very top of the list for quality. It is extra early, having the same bearing season as Premier, but is a much heavier bearer. The early blooms do not show serious frost damage, and the fruiting season extends over a long period. Flavor rich and sweet, bright red in color. Holds up well as a market variety and stands long-distance shipping.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75
parcel post prepaid. 1,000 plants \$13.75 express not prepaid.

NEW ROBINSON

NEW ROBINSON—It is a terrific plant maker. The fruit is solid-meated and bright, glistening red—the sweetest, richest flavored and the largest we have ever had. Many customers have reported berries five to six inches in circumference—18 to a quart. Robinson is a sensation as a commercial berry and certainly the best for home canning and freezing. Fruits about one week later than Dunlap.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75
parcel post prepaid. 1,000 plants \$13.75 express prepaid.

BELLMAR

BELLMAR—Early fruit of a combination Premier-Missionary type, colored darker than Premier and somewhat lighter than Missionary.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75
parcel post prepaid. 1,000 plants \$13.75 express not prepaid.

DORSETT

EVERBEARING

EVERBEARING STREAMLINER—The newest sensation in strawberry plants is the everbearing Streamliner. This is the heaviest-bearing strawberry plant produced in the past 25 years. Commercial growers with an extra-fancy market specialize in this variety because the small extra cost of the plant is repaid several times over the first year. A few cents extra a plant invested in this variety come back in size, color, and salability of the very first crop. This berry has taken the country by storm. The Streamliner commences to bear about 50 days after planting, and keeps on bearing the second year as well as the first, which most everbearing varieties will not do. It is unusually sweet, and sometimes produces berries as large as crabapples. It is extremely hardy, and does well under all weather conditions. Makes many plants. Produces fine-keeping and best-shipping-quality fruit of all. Large size, healthy foliage and excellent flavor. If you want the very highest profits, the Streamliner is the plant to buy.

50 plants \$3.25, 100 plants \$5.75, 250 plants \$11.00, 500 plants \$17.85 parcel post prepaid. 1,000 plants \$27.50 express not prepaid.

CATSKILL

CATSKILL (Midseason)—An ideal midseason berry. Because of its size, flavor, heavy yield, vigorous growth, and its adaptability to a wide range of soils and climates. Catskill berries are huge in size, deliciously flavored. Bright glowing red in color. Each berry matures to uniform size and shape. Colors evenly, firm in flesh and skin. They withstand long shipping. We recommend Catskill to those who wish to grow large fancy strawberries.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75 parcel post prepaid. 1,000 plants \$13.75 express not prepaid.

TENNESSEE BEAUTY

TENNESSEE BEAUTY—A new variety from Tennessee. A scientific cross, Premier X Missionary, same parentage as Blakemore. Tennessee Beauty makes a vigorous growth with plenty of new plants, that are very productive. Berries are medium to large in size, a bright shiny attractive red color and quite firm. Good quality. Tennessee Beauty have a very high percentage of No. 1 berries as compared with Blakemore. Also rated very high as a berry for freezing.

50 plants \$1.75, 100 plants \$2.75, 250 plants \$5.75, 500 plants \$8.75 parcel post prepaid. 1,000 plants \$13.75 express not prepaid.

NECTAR KINGS

NECTAR KINGS—Here is the best spring bearing variety of strawberry plants that we have ever grown. Will grow in most any of soil and climatic conditions and produce an abundance of new plants which are loaded with large sweet berries each season. Everyone should have some of these in their garden.

50 plants \$2.00, 100 plants \$3.00, 250 plants \$6.25, 500 plants \$9.50 parcel post prepaid. 1,000 plants \$16.00 express not prepaid.

Minnesota Everbearing

MINNESOTA 1166 (Evermore Everbearing)—This new everbearing strawberry is proving more satisfactory every year. The berries are large and of excellent flavor. Northern strawberry growers report it a big Money Maker. It brings premium prices because of the unusual quality of the fruit. You can't go wrong in planting Minnesota 1166. You can be sorry if you don't reserve your plants early.

50 plants \$2.50, 100 plants \$4.00, 250 plants \$8.00, 500 plants \$13.75 parcel post prepaid. 1,000 plants \$21.75 express not prepaid.

SMALL FRUITS

RASPBERRIES

Anna's heavy, well-rooted raspberries bear early. No fruit is more profitable to grow, more enjoyable to eat. Space plants three to four feet apart in rows six feet apart.

LATHAM (Red)—The greatest and most popular red raspberry grown. Large, handsome red berries, full of rich quality and flavor. We offer bearing age plants that will produce heavy crops annually. **10 for \$1.65, 25 for \$3.25, 100 for \$11.95.**

INDIAN SUMMER (Everbearing Red)—The best ever-bearing raspberry. Berries are large, conical, medium red and good quality. Ripens early, last week in June. Autumn crop starts in September and continues until severe frost. An abundant bearer.

10 for \$1.95, 25 for \$3.95, 100 for \$13.95.

CUMBERLAND (Black)—The largest and finest black raspberry. Immense berries are firm, juicy and extra rich flavor. One of the most reliable varieties.

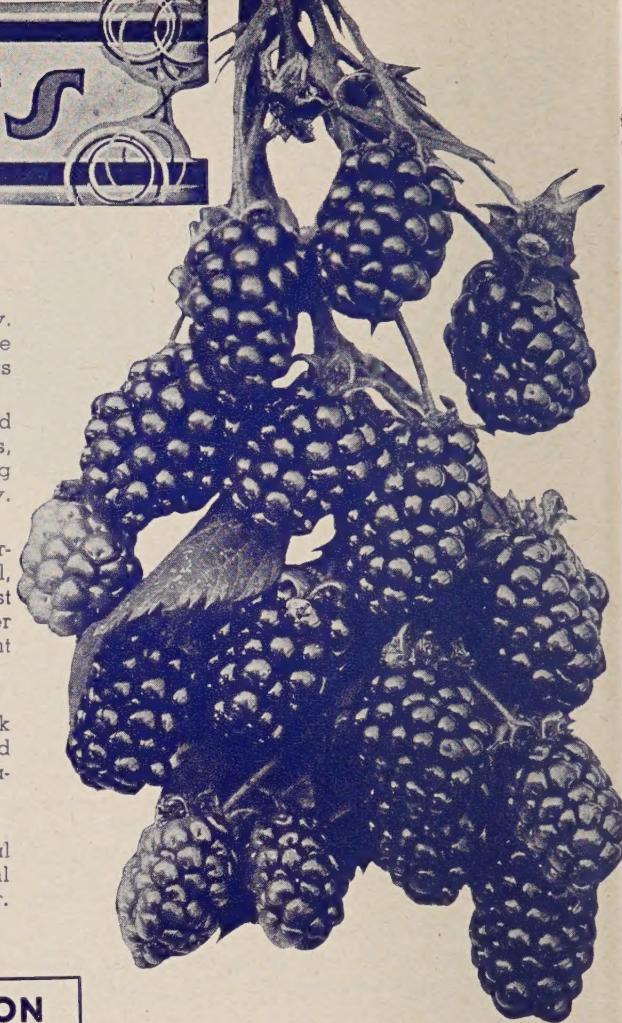

10 for \$1.39, 25 for \$2.75, 100 for \$9.75.

SODUS (Purple)—A new, rich, delicious, extra special purple raspberry. Berries are large and beautiful rich wine-purple. Firm, of exceptionally rich flavor. Sweet.

10 for \$1.90, 25 for \$3.89, 100 for \$12.95.

RASPBERRY COLLECTION

5 Cumberland, 5 Latham, 5 Sodus
15 Select Plants \$2.19

BLACKBERRIES

ALFRED—The coreless blackberry. A glossy jet-black color, a sweet, delicious flavor. Nearly seedless. Hardy, does well in cold sections. **10 for \$1.25, 25 for \$3.19, 50 for \$4.76, 100 for \$8.75.**

ELDORADO—A valuable blackberry for our northern climate. Berries large, jet-black, ripen well together and borne in large clusters; they are sweet and delicious, have no hard core and keep well after picking.

10 for \$1.25, 25 for \$3.19, 50 for \$4.76, 100 for \$8.75.

BOYSENBERRIES

Profitable to grow. Whether you are growing berries for market or just a few in your garden, it will pay you to get started right now. Twenty-five plants will produce an abundance of fruit for the average family. Nine hundred plants will set an acre, set seven feet by seven feet.

COMMON—5 for 85c, 10 for \$1.49, 25 for \$3.19, 50 for \$5.85.

THORNLESS—5 for \$1.10, 10 for \$1.89, 25 for \$3.95, 50 for \$7.50.

GRAPES

A few grape vines will supply your entire family large quantities of wholesome, healthful fruit for eating fresh, jelly, jam, sauce or juice. Grapes are easy to grow and, if pruned occasionally, will last a lifetime.

CONCORD (Blue-black)—The most popular of all grapes. Very productive. Berries are large, juicy, tender and of good flavor.

DELAWARE—Early. Vine moderately healthy and vigorous. Bunch small but compact berries, small to medium in size, red in color and of excellent flavor.

NIAGARA (White)—The hardiest and best of white grapes. Large berries in compact bunches. Excellent for jelly or wine. Very popular.

PLUMS

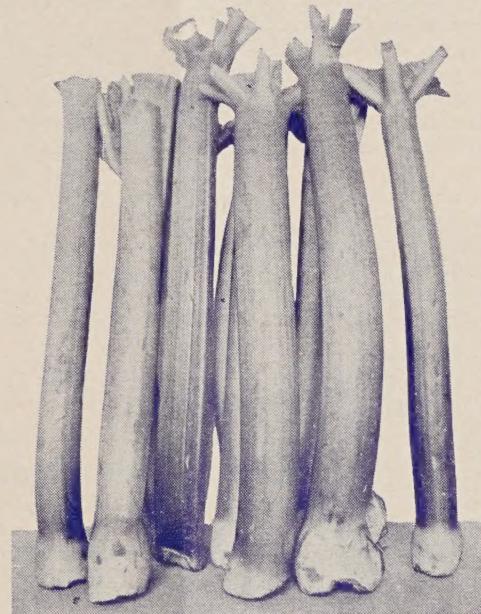

Anna's plums bear large quantities of delicious, healthful fruit, usually the second year after planting. Plant plum trees in clusters of three or four for best results.

BURBANK (Asiatic)—Fruit very large, dark violet-red. Flesh juicy and pleasant. Ripens middle of August. Productive.

BLUE DAMSON—The blue plums and medium size of finest quality. Free-stone. A heavy regular bearer. Ripens in August. Hardy to northern Iowa.

STANLEY PRUNE—Fruit large in size, dark blue with heavy bloom. Flesh greenish yellow, juicy, fine-grained, firm and sweet. Good quality. Midseason.

RHUBARB VICTORIA

VICTORIA—Large, tender, part-red stalks, skin very tender. Flavor the best. Produces new, tender stalks all during the summer and fall months. 1 1/2 to 2 inches. 3 for 55c, 6 for 95c, 12 for \$1.69.

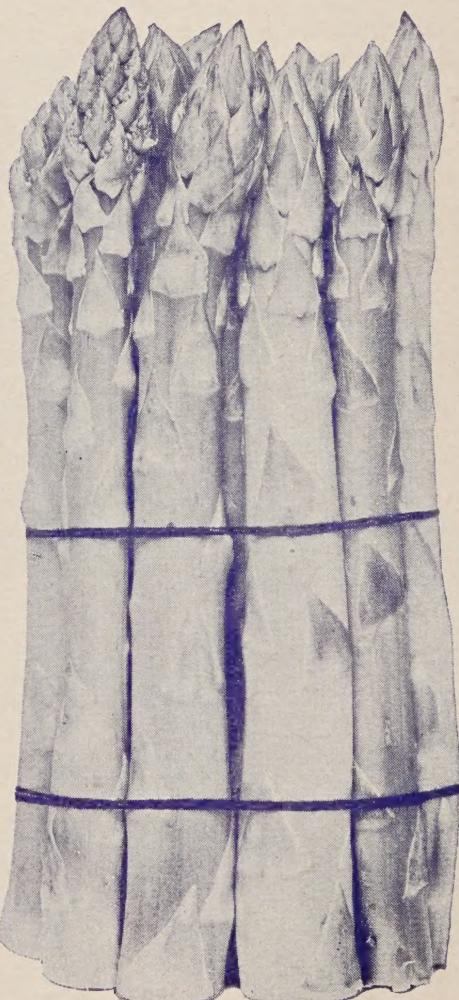

ASPARAGUS

A small plot will supply your family for table use and some for canning or freezing. An acre will pay big money. Perhaps the most welcome of all spring vegetables. It is easily grown and should be cultivated in every garden.

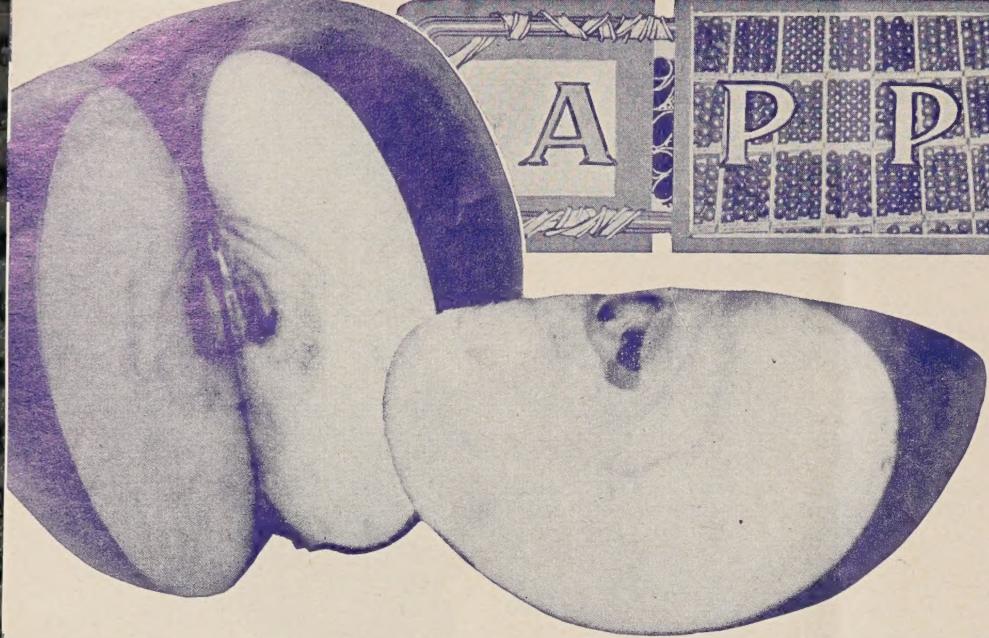

PARADISE—A new variety that produces heavier stalks of excellent flavor. Many prefer this for home use. 2 year.

25 for \$1.49, 50 for \$2.49, 100 for \$4.49.

GRAPE COLLECTION
3 Concord, 1 Delaware, 1 Niagara

APPLES

Apples contain all essential vitamins for health and vigor. Plant summer, fall, and winter apples for fresh fruit nearly year around.

ANOKA (Early Bearing)—Bears very young, often fruiting the year after planting. Ripens a few days before Duchess. Attractive yellow, streaked red. Good flavor.

JONATHAN (Red)—The best apple of all, known and liked by everyone. Bears young and abundantly. Bright red, high quality, crisp, tender and full of snap. Keeps well.

RED DELICIOUS—Without doubt the "perfect apple". Fruit is large, rich red with slight yellow blend, of superb quality and flavor. Has delightful aroma, tender, juicy, creamy flesh.

STAYMENS—A large Staymen Winesap that is blood red, excellent quality, keeps well. The tree is a fair grower and good bearer.

WHITNEY—Perhaps the most popular of all crab apples. Fruit large, light yellow, striped red. Flesh crisp. Fine for eating, pickling, or apple butter.

YELLOW DELICIOUS—Large as the genuine Delicious. Golden in color, delicious flavor. Appears to be suited to all soils and climates; the trees bear very young and have heavy crops; the fruit is of the best quality and will bring highest prices. Ripens in October and will keep until spring.

YELLOW TRANSPARENT—The old favorite yellow summer apple. Very hardy and productive. Of high quality.

PEARS

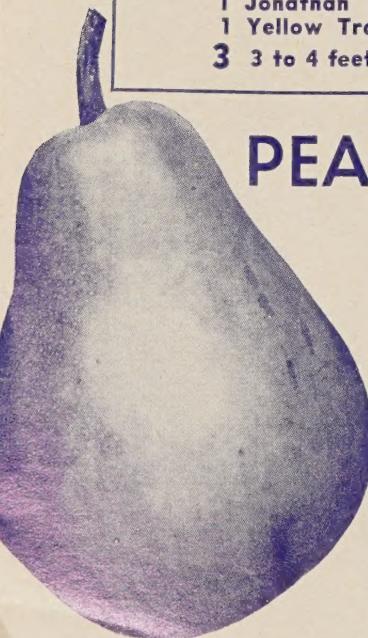

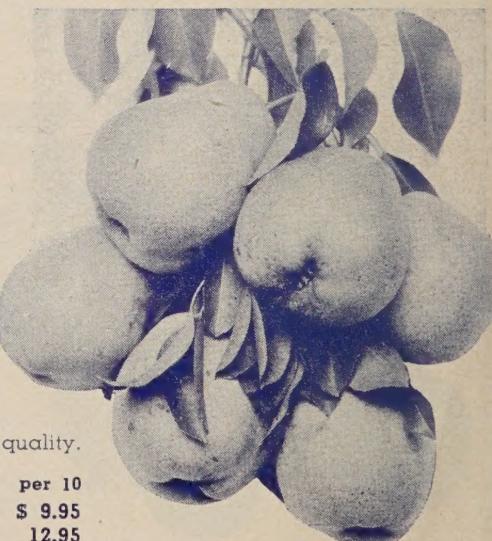

Pears will grow on almost any soil but will do best on a high elevation, provided sub-soil is not too wet. Wherever this is the case the ground should be thoroughly underdrained. In very poor soil a heavy top dressing of manure in the fall will be of advantage. Standard pear trees should be planted twenty feet apart each way. Pears are subject to fire blight, a disease controlled only by cutting back the branches beyond the point of injury. Do not allow pears to ripen on the trees. The highest quality results from gathering fruit ten days before it is ripe. Winter pears are best stored before the heavy frost.

BARTLETT—Large size, with beautiful blush next to the sun; buttery, very juicy, highly flavored; bears early August and September.

KIEFER—The well-known canning pear. Fruit large, rich golden yellow. An early and abundant bearer.

SECKEL (Sugar Pear)—Ripens in late summer. Small, rich fruit of high quality.

ORDER EARLY!

Order early while our assortment is complete. We have a very fine lot of stock this year but as the season progresses we always run short of some varieties. Be sure to specify on your order whether or not we can substitute equally desirable varieties provided we are out of some of the items.

HAVE BLOOMS FROM SPRING TO FROST

LILAC—One of the most popular of the spring flowers, both for garden ornament and for cutting for the house. They are loved by everyone. A lilac border is a fine planting by itself, and they are among the finest shrubs to mingle in a varied shrub border. Occasional feedings of bone meal and cow manure will keep them thriving. They should be pruned immediately after the flowering season so that next year's flower buds can form.

OLD FASHIONED PURPLE—Its great branching plants bear enormous quantities of deliciously fragrant purple flowers in large panicles, in May. One of the finest for cutting for the house. Will grow anywhere.

12/18, 2 for 67c, 6 for \$1.65, 10 for \$2.25, 25 for \$4.50

PERSIAN LILAC—A graceful shrub with finely cut foliage and delicate lavender blossoms. Blooms not so large as the common purple, but it is a graceful shrub.

12/18, 45c each, 3 for \$1.19, 5 for \$1.85

18/24, 59c each, 3 for \$1.65, 5 for \$2.59

HYDRANGEA (Arborescens Grandiflora)—Height 4 to 5 feet, spread six feet. Partial shade or shade. Blooms in June, July, and early August. Large flat heads of flowers fairly smother the plant. Large rounded, clean foliage. While many gardeners have failure with this plant, with proper treatment it is easy to grow and one of our finest flowering shrubs. Requires a cool shaded location. Stands quite severe pruning after blooming.

12/18, 65c each, 3 for \$1.79, 5 for \$2.85

PANICULATA GRANDIFLORA—Height 3 to 6 feet, spread 3 to 5 feet. Sun or light shade. Blooms all summer. It is profuse and immense, conical double blooms are at first pinkish-white and in fall turn pink and bronze. Responds to close pruning and good culture. Use peat moss.

18/24, 85c each, 3 for \$2.39, 5 for \$3.85

DOUBLE MOCK ORANGE

Height eight feet, spread six feet. Sun or light shade. Blooms profusely over long period, latter May and June. Masses of large semi-double pure white flowers. Much larger than ordinary variety.

12/18, 65c each, 3 for \$1.79,

5 for \$2.85

18/24, 85c each, 3 for \$2.39, 5 for \$3.85

SWEET SCENTED MOCK ORANGE

Its slender arching makes it most probably the most graceful of the species. Flowers frequently cover the entire length of the branches and are very sweet scented. Blooms in late spring.

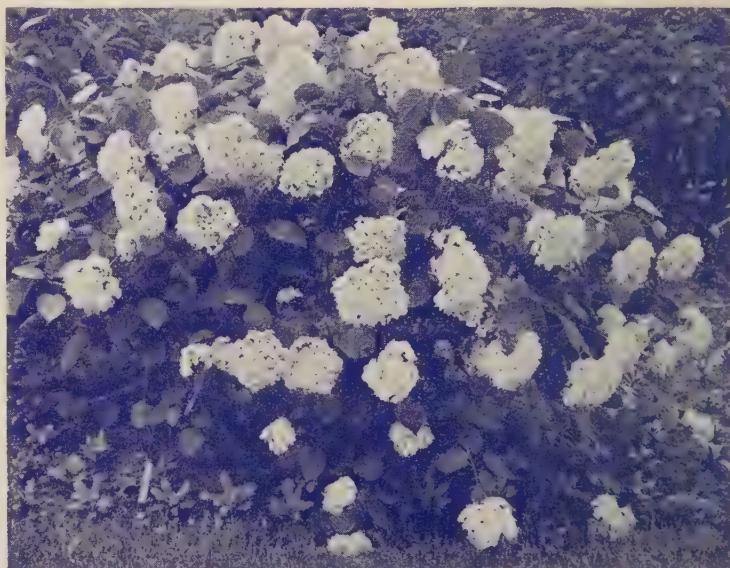

12/18, 39c each, 3 for \$1.00, 5 for \$1.49

18/24, 49c each, 3 for \$1.35, 5 for \$1.98

HYDRANGEA COLLECTION 2 Hydrangea P.G. and 1 Hydrangea A. G. 12/18

\$1.59

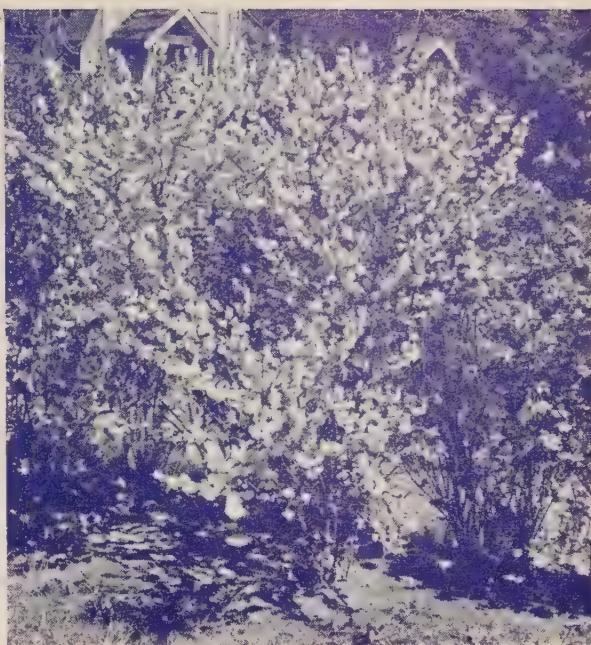

Flowering SHRUBS of Great Beauty

FLOWERING QUINCE

FLOWERING QUINCE (*Cydonia*)—A popular dooryard shrub, growing from 3 to 6 feet high. The scarlet flowers appear before the leaves, giving a brilliant glow to the bush even from a distance; excellent in shrub groups or as a hedge.

12/18, 39c each, 3 for \$1.00, 5 for \$1.49

18/24, 53c each, 3 for \$1.45, 5 for \$2.25

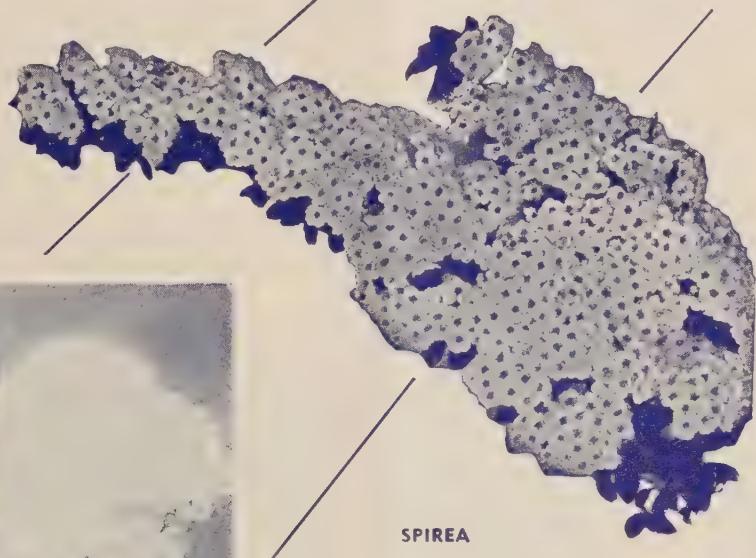

FLOWERING QUINCE

SNOWBALL

OLD FASHIONED SNOWBALL (*Virburnum Opulus Sterile*)—An old time favorite. Rather tall growing, foliage large and coarse showy flowers in large white balls in April.

12/18, 65c each, 3 for \$1.79, 5 for \$2.85

18/24, 85c each, 3 for \$2.39, 5 for \$3.85

SPIREA COLLECTION OF FOUR

1 Lilac Spirea 12/18

1 Spirea Anthony Waterer, 12/15

2 Spirea Van Houtte 12/18

\$1.19

SNOWBALL

SPIREA

SPIREA ANTHONY WATERER—Dwarf, bushy, of spreading type with large corymbs brilliantly colored rosy crimson. Very free flowering. At its best in late summer. This is one of the very good showy red flowered shrubs sufficiently dwarfed to be used in foundation plantings or the low front of shrub groups.

12/15, 53c each, 3 for \$1.45, 5 for \$2.25
15/18, 65c each, 3 for \$1.79, 5 for \$2.85

LILAC SPIREA—12/18, 35c each, 3 for 95c, 5 for \$1.45
18/24, 45c each, 3 for \$1.19, 5 for \$1.85

VAN HOUTTE (Bridal Wreath)—Blooms April and May. A widely planted variety with arching branches clothed in clusters of white blooms. Plant as hedges, in groups, or as single specimens. Height 5 to 6 feet, spread five feet.

12/18, 29c each, 3 for 72c, 5 for 98c
18/24, 35c each, 3 for 95c, 5 for \$1.45

ADD BEAUTY TO YOUR GROUNDS

TAMARIX

WEIGELA

TAMARIX—Should be cut back to the ground when planted. If this is not done, it is doubtful that plants will grow.

12/18, 39c each, 3 for \$1.00, 5 for \$1.49
18/24, 49c each, 3 for \$1.35, 5 for \$1.98

WEIGELA Rosy Pink (Rosea)—Requires well drained soil. When planting be sure to incorporate plenty of peat moss with soil. Profusion of clear pink Tubular flowers. Flowers over a long summer season. Prune after flowering, as they bloom on last year's wood. Height 5 to 7 feet, spread five feet. Sun or partial shade.

12/18, 39c each, 3 for \$1.00, 5 for \$1.49
18/24, 49c each, 3 for \$1.35, 5 for \$1.98

SPRING FLOWERING SHRUB COLLECTION

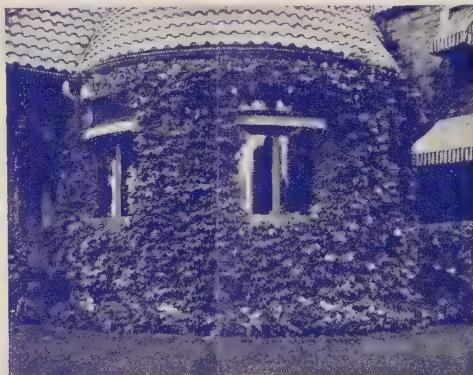

Spring Glory Forsythia, 12/18 — 1 Flowering Quince
12/18 — 1 Rosy-Pink Weigela, 12/18 — 1 Pink Flowering
Almond, 12/18

\$1.65

HARDY ORNAMENTAL CLIMBING VINES

GOLDFLAME HONEYSUCKLE

BOSTON IVY

Plant vines for beauty, to soften hard barren lines of walls, porch, trellis, etc. Very effective when used to screen unattractive views, or trail over fences.

BITTERSWEET—A native twining vine, bearing large clusters of berries in fall with orange husks and bright red berries.
49c each, 2 for 89c

BOSTON IVY—A hardy climber that clings firmly to the smoothest structure. Color is deep green in summer changing to crimson in fall.
49c each, 2 for 89c

SILVER LACE VINE—Quick growing climbing vine with heavy foliage, and literally covered with silvery blossoms from August till fall.
75c each, 2 for \$1.35

GOLDFLAME HONEYSUCKLE—An everblooming Honeysuckle with flaming red flowers, bright yellow inside.
89c each, 2 for \$1.65

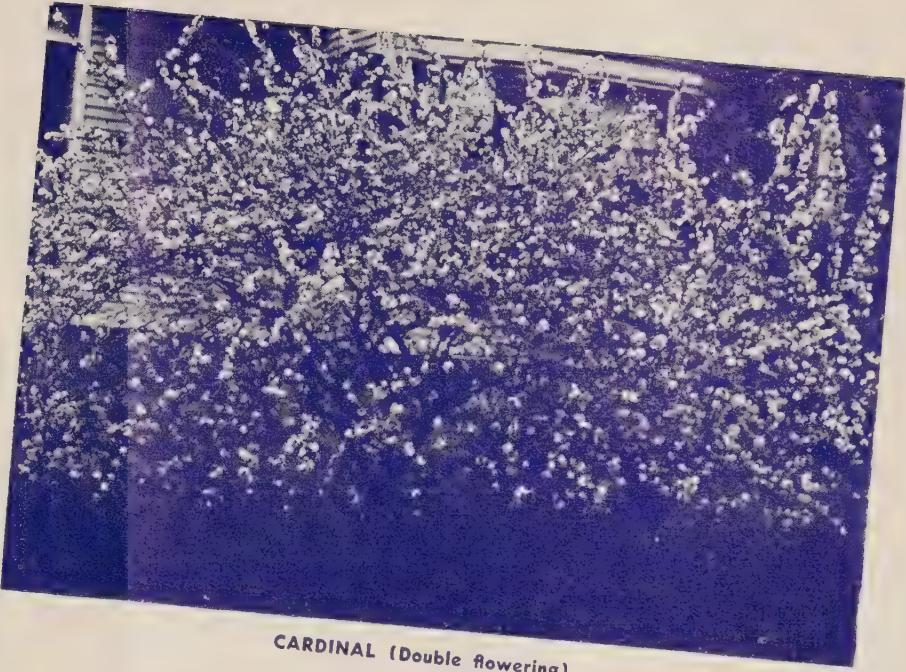

BITTERSWEET

HOPA FLOWERING CRAB

Flowering Trees

CARDINAL (Double flowering)

for Beauty
and Shade

Excellent for Accent
or Specimen Planting

ORNAMENTAL FLOWERING TREES. Add beauty and charm to your home by planting attractive flowering trees. Dwarf in size, covered with masses of beautiful blossoms.

HOPA FLOWERING CRAB—A beautiful tree bearing huge, deep rose crimson blossoms. Fruit very bright red, borne in large clusters. 3 to 4 feet.
Each \$1.10, 2 for \$1.95, 4 for \$3.75

FLOWERING PEACH

CARDINAL (Double Flowering)—A beautiful small tree rarely over 20 feet tall; at its blooming time in May every twig and branch bright with beautifully formed flowers, rendering the tree showy and attractive at a distance. 3 to 4 feet.

Each \$1.10, 2 for \$1.95, 4 for \$3.75

ICEBERG—Early snow-white, 3 to 4 feet.
Each \$1.10, 2 for \$1.95, 4 for \$3.75

PEPPERMINT STICK—The most beautiful flowers, white marked with red stripes. 3 to 4 feet.

Each \$1.10, 2 for \$1.95, 4 for \$3.75

PINK CHARMING—Double pink, very attractive. 3 to 4 feet.
Each \$1.10, 2 for \$1.95, 4 for \$3.75

REDBUD (Cercis)—The American Redbud is one of the most spectacular of flowering trees, bearing a profusion of small pink flowers on each branch in early spring. 2 to 3 feet.

Each \$1.35, 2 for \$2.45, 4 for \$4.69

"ROSE TREE OF CHINA"—2 to 3 feet.
Each \$1.25, 2 for \$2.29, 4 for \$4.35

REDBUD

EXPRESS OFFICE

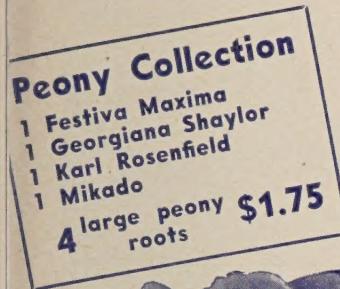

(If Different than Post Office)

GUARANTEE: We guarantee all of our nursery stock to be just as represented in our catalogue; fully up to grade, of good quality, free from insects and diseases, true to name; also to reach the customer in good growing condition. Furthermore, we will at our option either replace free of charge, or refund purchase price on any stock that arrives in bad condition; providing claim is made within 10 days after arrival. After 10 days it is mutually agreed that stock is satisfactory. If stock is unsatisfactory on arrival, be sure and get a signed statement from your express agent or postmaster showing extent of damage, and send this along with your claim. Do not return plants unless so instructed by us. Continued growth depends upon soil, climatic conditions, planting and care--conditions we cannot control--hence it is not guaranteed. It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order and our acknowledgement of its receipt shall constitute a mutual acceptance of the above terms and conditions.

Postage and C. O. D. fee charged to customer on C. O. D. orders for Strawberry plants and at least 25% of total amount
of order must accompany all C. O. D. orders. We pay postage on all orders when full amount is sent with order.

PEONIES

Shrubby perennials with attractive foliage and large, handsome flowers that make a great showing in the garden and are splendid cut flowers. In planting, do not allow manure to touch the roots and do not cover the crown with more than two inches of earth.

Peony Collection

1 Festiva Maxima
1 Georgiana Shaylor
1 Karl Rosenfield
1 Mikado
4 large peony roots \$1.75

FESTIVA MAXIMA—Very large, pure white Peony with center petalage tipped with carmine red spots. Fragrant. Early.

49c each, 3 for \$1.35

GEORGIANA SHAYLOR — Exquisite pale rose pink with a lighter center. Flowers very large with extremely broad petals. Midseason.

49c each, 3 for \$1.35

KARL ROSENFIELD—

Classed by many as the most brilliant and finest red peony ever introduced. Blooms are deep crimson, very large, globular and compact. One of the strongest and most prolific bloomers. Midseason.

49c each, 3 for \$1.35

MIKADO—A very decorative garden variety.

Generally considered one of the best red peonies of its type. A fine exhibition variety. It is medium size. Waved cupped petals of dark, dull crimson. Center broad and flat, composed of thick stamens stained dark rose red, edged throughout their length and tipped with pale buff-yellow; carpels pale green, with white kernels at base and stringy buff-yellow tips. Midseason.

49c each, 3 for \$1.35

Peony Collection

by color

This fine collection is made from choice plants, our selection, true to color. A good bargain—1 red, 1 pink, 1 white.

INSTRUCTIONS FOR ORDERING

Send your order as soon as you can after receiving this catalogue. Stock will be sent at time specified by you or at proper planting time in your locality.

Strawberry plants require special handling and packing, and will be shipped in a separate package from your other nursery stock ordered. Strawberry plants may be ordered C. O. D. providing 25 per cent of the purchase price is sent along with your order. Postage and C. O. D. charges will be extra on all C. O. D. orders. If you need more than 1,000 Strawberry plants please write for special quantity prices.

Full purchase price of all other nursery stock you order must accompany your order, and plants will be sent to you postage prepaid. Strawberry plants are the only plants that we can ship C. O. D.

Guarantee

We guarantee all of our nursery stock to be just as represented in our catalogue; fully up to grade, of good quality, free from injurious insects and diseases, true to name; also to reach the customer in good growing condition. Furthermore, we will at our option either replace free of charge, or refund purchase price on any stock that arrives in bad condition; providing claim is made within 10 days after arrival. After 10 days it is mutually agreed that stock is satisfactory. If stock is unsatisfactory on arrival, be sure and get a signed statement from your express agent or postmaster showing extent of damage, and send this along with your claim. Do not return plants unless so instructed by us. Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence it is not guaranteed. It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order and our acknowledgment of its receipt shall constitute a mutual acceptance of the above terms and conditions.

Should you find it necessary to write us relative to your order at any time, be sure and return the shipping tags on your shipment. We will be unable to make any adjustments unless shipping tags are returned to us.

SHADE TREES

for
Beauty and Comfort...

Shade trees offer cool comfort and refreshment from the heat of mid-summer sun. We offer well-branched, well-rooted, transplanted trees, carefully spaced in wide rows.

AMERICAN ELM—In our opinion, the handsomest and most dignified of all the native trees. Probably more largely planted and better known than any other. A tall growing, stately tree reaching 60 feet, with a wide arching top and vaselike form. Extensively used for street planting where its wide-spreading branches form perfect Gothic Arches over the street. 5 to 6 feet.

Each \$1.10, 2 for \$1.95, 4 for \$3.75

CHINESE ELM—A native of China; a noble, rapid growing tree, forming a very dense head with smaller, darker leaves than the American Elm. Leaves stay on the tree much longer in the autumn; the branches project from the trunk almost at right angles. A really beautiful shade tree for lawn and street planting. 5 to 6 feet.

Each \$1.10, 2 for \$1.95, 4 for \$3.75

SILVER MAPLE—Leaves white underneath; of rapid growth; very ornamental and one of the best trees we have. 5 to 6 feet.

Each \$1.10, 2 for \$1.95, 4 for \$3.75

LOMBARDY POPLAR—A very popular tree for screen or corner plantings. Tall, pyramidal shape with limbs from ground up. Does not seed. 5 to 6 feet.

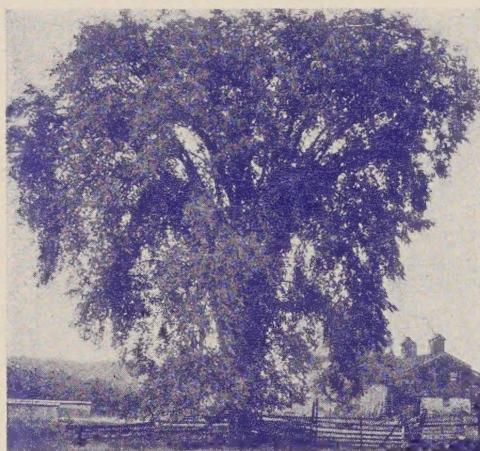

Each \$1.10, 2 for \$1.95, 4 for \$3.75

GOLDEN WEEPING WILLOW—A very showy yellow barked tree reaching a height of 60 feet at maturity. A handsome tree at all seasons, but particularly conspicuous in winter and early spring before the leaves appear. 5 to 6 feet.

Each \$1.49, 2 for \$2.69, 4 for \$5.19

HYBRID

TEA ROSES

Plan on using them by the dozens. Early season or late season. Roses are easily the most charming as a garden display or as cut flowers.

CHRISTOPHER STONE—Brilliant, velvety, scarlet blooms. Delicious fragrance.

THE DOCTOR—A great achievement in rose breeding. The buds are long and pointed; enormous blooms of silvery pink. Intensely fragrant.

McGREDY'S YELLOW—Well formed flowers of bright buttercup yellow. Glossy.

NIGHT—A blackish red rose highly prized for its color.

DUQUESA DE PENERANDA—Very similar to Jos Perrand in color and form. Long shapely buds of deep bronzy apricot fading to lovely buff and yellow tones.

PICTURE—Very widely planted because of its profuse finely shaped pink buds.

GOLDEN CHARM—Dainty pointed yellow blooms.

PINK DAWN—Deep rose-pink, lightly toned orange; well formed flowers.

K. A. VIKTORIA—Very popular, free flowering, double, pure white.

TALISMAN—A multi colored rose that has been with us so long it needs no description. Orange yellow and red blossoms are produced profusely. A first rate garden and cutting variety.

POINSETTIA—Not too profuse in blooming habits, but its flowers are really something to be admired. Especially in the fall when large, brilliant poinsettia scarlet perfectly formed flowers hold your attention.
